

Powering the Connected Classroom

YuJa Active Learning places students and educators at the heart of a collaborative media experience.

Lecture Capture

Hardware, software, web and mobile platforms for all classrooms.

Live Webcasting

Stream live webcasts from classrooms with virtually any peripheral.

Media Management

Manage, share, and organize institutional digital media.

Live Video Classrooms

Web-based synchronous video classrooms for 2-200 participants.

Mobile & Social Engagement

Incorporate pedagogies that adapt to today's student.

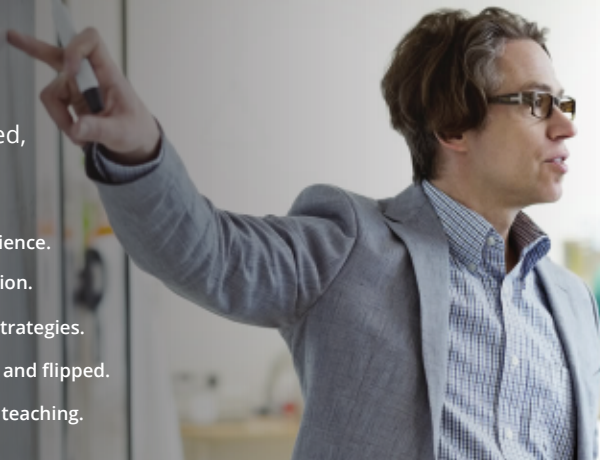

Visual Analytics

Insights to optimize instruction and track student progress.

YuJa enables our partner institutions - higher-ed, K-12 and corporations - to deliver scalable media-centric learning solutions.

- Use and manage media to create a personalized experience.
- Drive improvements in student satisfaction and retention.
- Engage with today's students using social and mobile strategies.
- Support all key models – in-classroom, online, blended and flipped.
- Empower instructors with analytics that help optimize teaching.
