Cloud Video Collaboration + Online Training

YuJa's video collaboration platform is designed for learning and training

Video collaboration features:

- 1 Brilliant multi-way HD video and audio collaboration
- 2 Collaborate over whiteboards, screenshares, and documents
- 3 Works perfectly with all web browsers on Apple and Windows
- 4 Use your webcam and mic to attend meetings, office hours, and lectures.
- 5 Cloud recording for later replay and review

Video collaboration just got more social

Learn and collaborate

Setup video office hours, tutorials, and academic lectures with ease.

Engage in social learning

Integrates with our real-time social learning platform

Integrate with your LMS

Integrates with all LMS platforms through LTI

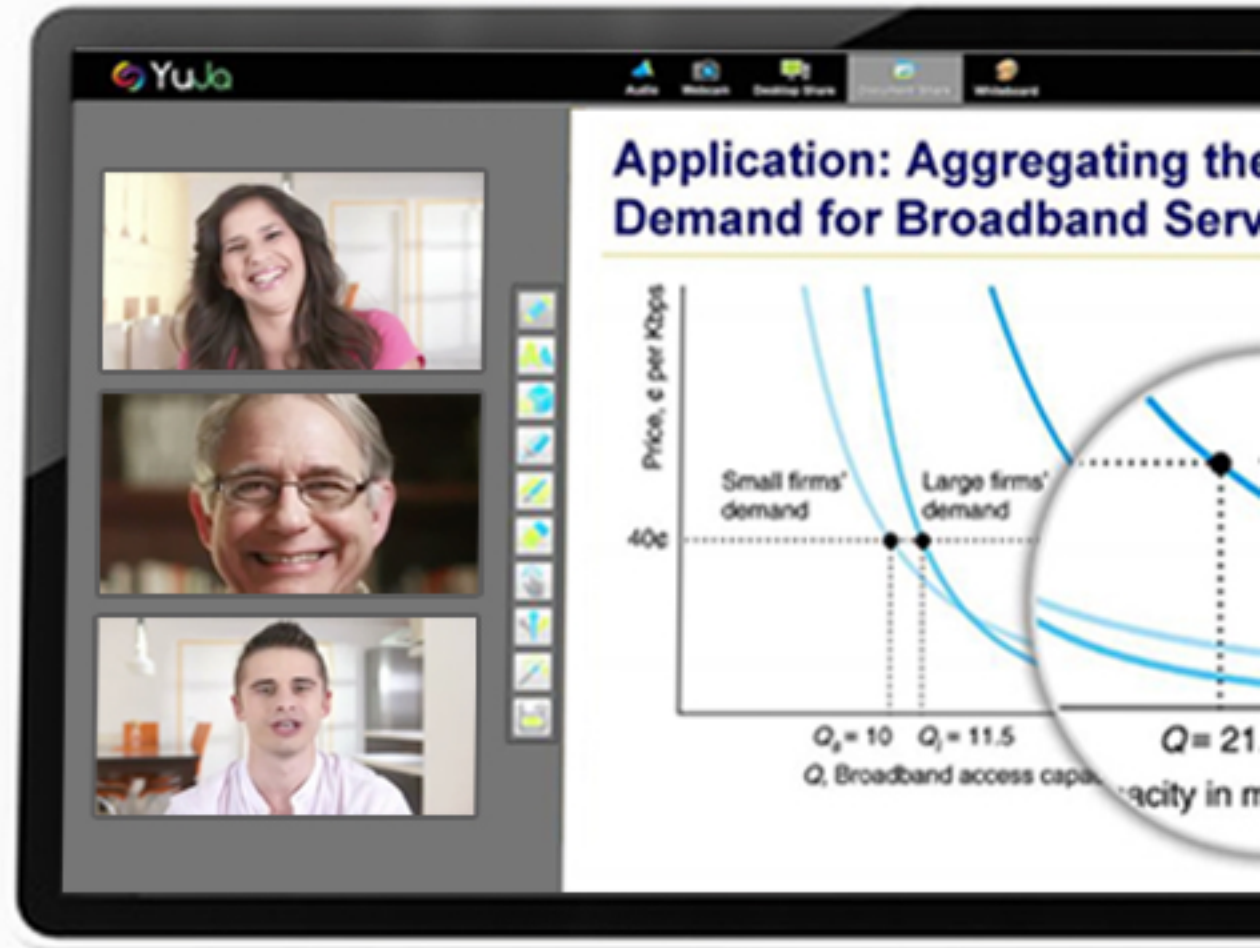

Send quizzes & polls

Enable post-classroom feedback and engagement

Build a video library

Add meeting recordings and podcasts to your library

Enable flipped classroom scenarios with video podcasting

Create video annotations

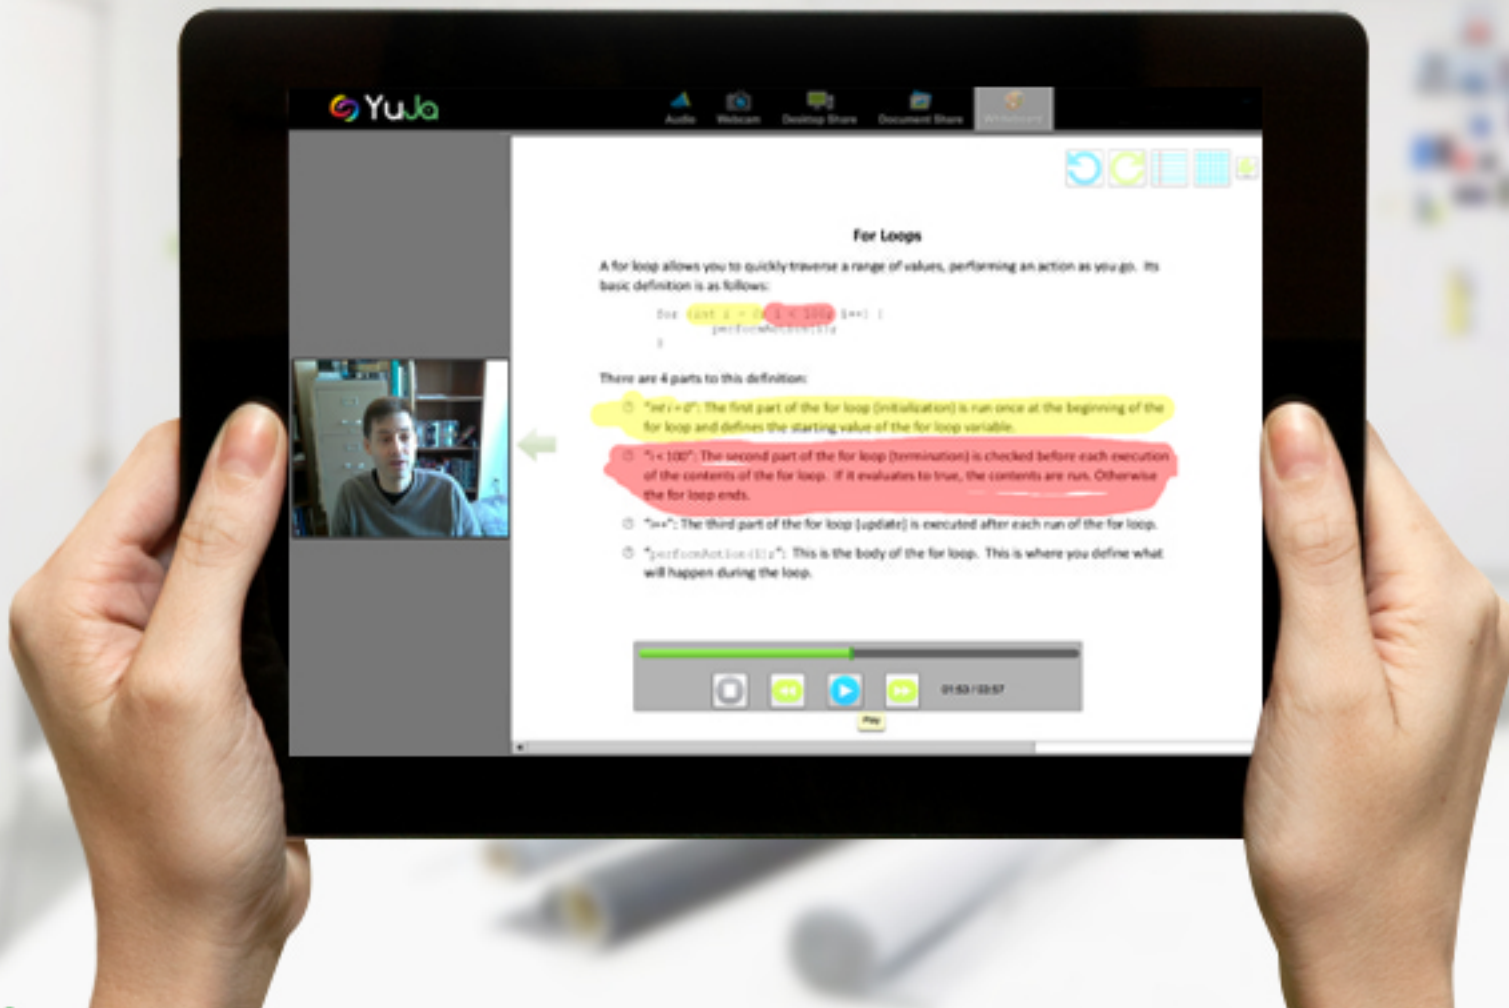

Quickly create video learning content right within your web browser

Annotate virtually anything

Create a whiteboard sketch, upload your lecture slides or share your desktop screen

Create a reusable library

With your secure cloud storage, you can store video podcasts for later sharing

The video meeting is over but the learning is just getting started

YuJa integrates a rich Social Learning platform with participants

stay connected

engage

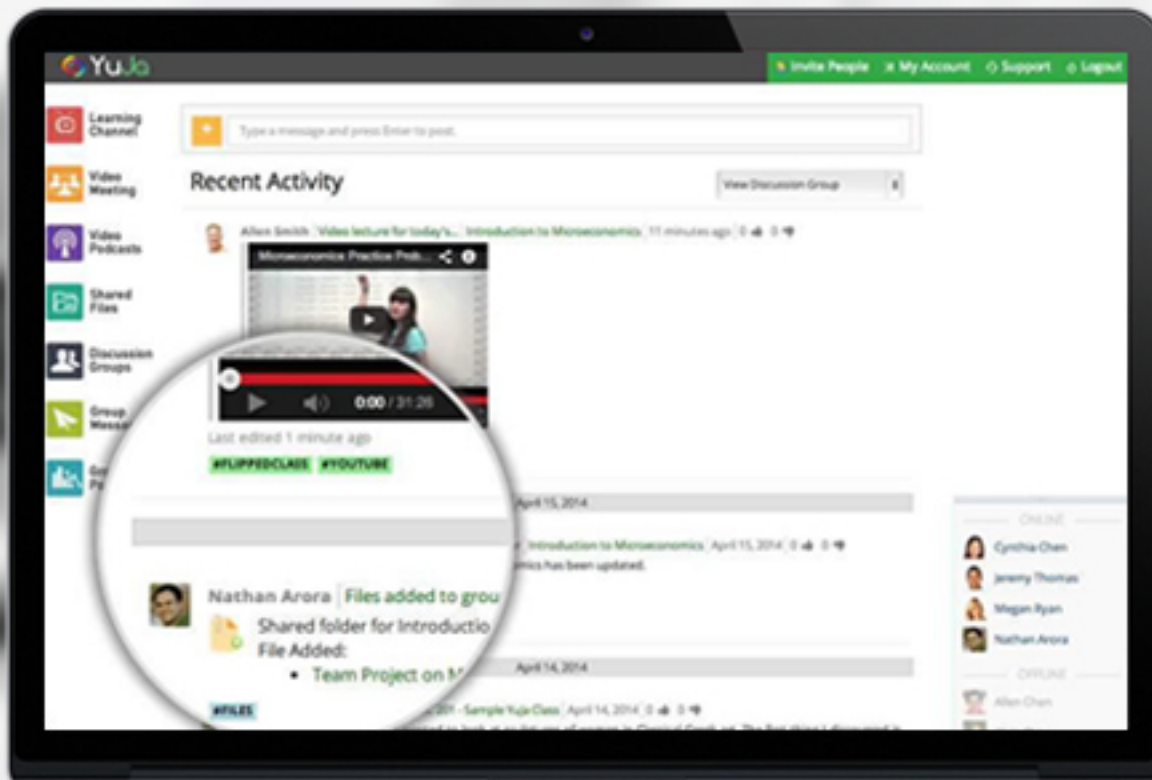

collaborate

Social learning includes:
