Teacher Observations

Live Stream Morning Announcements

Live Stream and Record Board Meetings

Secure, Centralized Video Platform for Your School's Media

Manage, organize, and view video and other media in a secure, cloud-hosted, and FERPA-compliant video platform.

» Accessibility and Privacy

Out-of-the-box accessibility and privacy compliance.
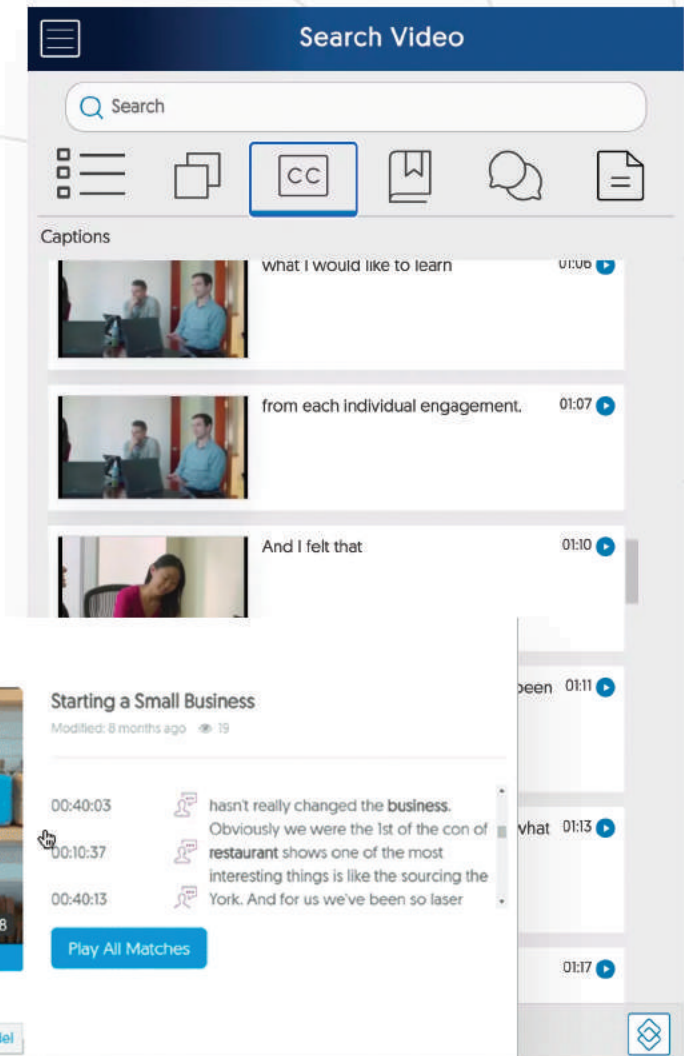

» Automatic Captioning

Auto-captions in 25+ languages with 90-95% accuracy.

» Integrates with Existing Platforms

Unify your organization's video content, including integrations with Zoom, Teams, Webex, Blackboard Collaborate and more.

» Visual Search

Deep search-inside-video and search-inside-library capabilities.

User-Friendly Recording Tools

The YuJa Enterprise Video Platform offers video capture and screen recording tools to create interactive video presentations and media.

Software Capture
Capture multiple video, audio and screen sources with a powerful desktop software application for PC and Apple.

Browser Capture
Record and distribute media-rich instructional content using your favorite web browser.

Mobile Recording
Record, upload, download, and view video with YuJa's native mobile and tablet applications from the Apple and Android App Stores.
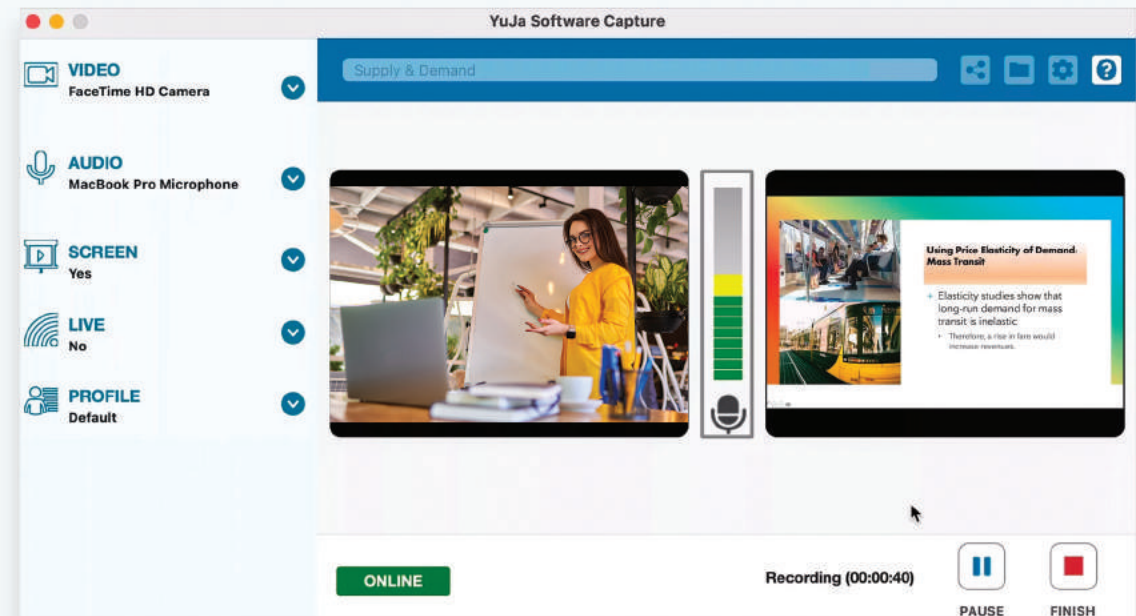

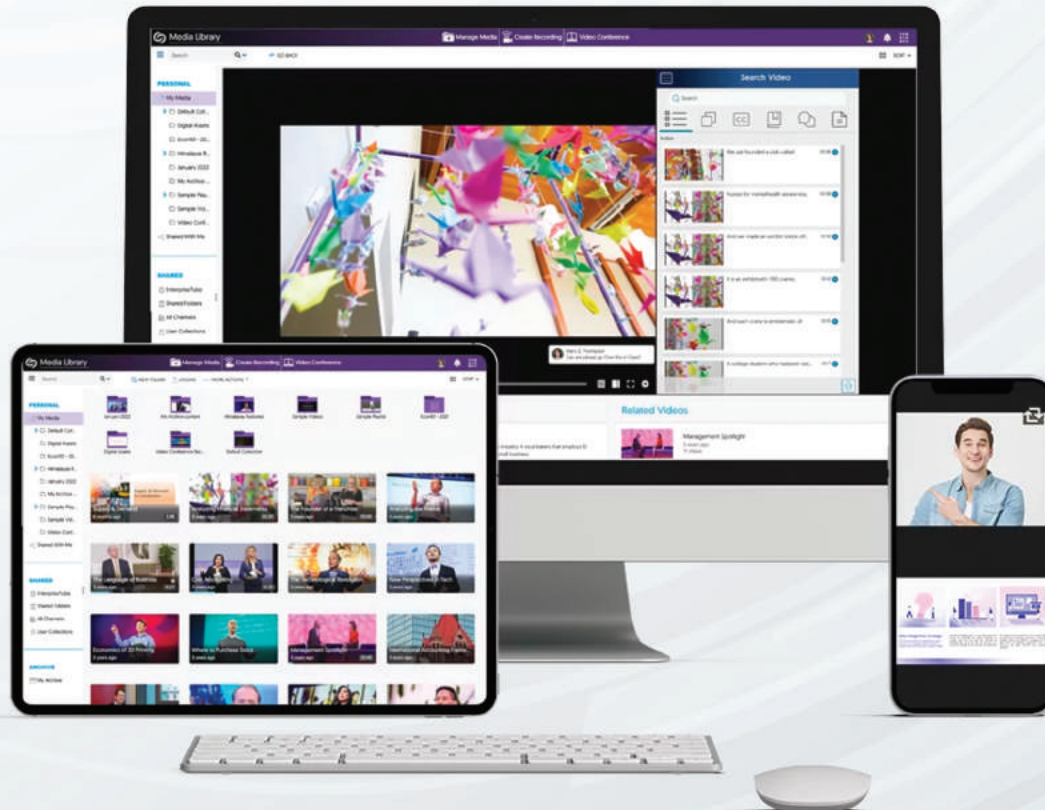

Classroom Recordings
Enable simultaneous lecture capture and live streaming of multi-source content with YuJa's purpose-built appliance.

PROFILE
Default

Supply & Demand

Using Price Elasticity of Demand: Mass Transit

+ Elasticity studies show that long-run demand for mass transit is inelastic
+ Therefore, a rise in fare would increase revenues.

YuJa

Future-Proof Your Learning Environments

YuJa provides cloud-based storage for easily scalable, streamlined workflows that grow with your K-12 school district.

Robust Capabilities

Comprehensive features enable blended learning and hybrid workflows for synchronous and asynchronous learning.

Multi-Source Recording

Built-in tools enable high-quality live and recorded content creation from virtually any desktop, browser, or mobile device.

Interactive Video Quizzing

Create Video Quizzes with a variety of question types, scoring options, and LMS Gradebook Sync capabilities.

Comprehensive Analytics

Derive actionable insights with the Platform's built-in Analytics and Reporting Suite.

YuJa

Engage Students, Staff, and the Community

YuJa's Video Platform goes beyond the classroom, extending to professional development and into your community.

» Offer engaging training that encourages cross-functional collaboration.

» Simplify content creation and distribution.

» Add interactivity with video quizzes and in-video commenting.

» Gather actionable insights with built-in analytics and reporting.

Make It Your Own

The HTML5-based Media Player is customizable to carry the look-and-feel of your district.

Customizable branding to incorporate your district's colors, logo, and more.

Select your preferred media player sidebar buttons and button order.

Create an unlimited number of branded video players.

Establish a public "EnterpriseTube" to enhance your online brand.

Record and Stream Directly from Your LMS

LTI integration allows the YuJa Video Platform to operate as a standalone learning solution or to work within your Learning Management System.

An integrated enterprise video platform to fit any organization
