

Ed-Tech Tools Designed for Higher Education

Enterprise Video Platform

A comprehensive video content management system that enables educational institutions to store, manage, distribute and stream media content.

Panorama Digital Accessibility Platform

Improve the accessibility of digital media and course content in your LMS, across your website and campus intranet, and on external websites.

Lecture Capture Portfolio

A lecture capture portfolio with software capture, hardware appliances, mobile recording, browser capture and integrations with third-party devices.

Verity Test Proctoring Platform

Seamlessly integrate test proctoring into major LMS products to provide on-demand and live test proctoring solutions.

Himalayas Digital Archiving Platform

Tools for enterprises to manage large data workloads in a secure, compliant, and discoverable manner.

Engage Student Response System

Deploy interactive, engaging live polling tools to spur discussion and make learning more active while providing valuable and actionable metrics.

“

“YuJa’s customer success team was very quick, responsive, and definitely went above and beyond.”

Jennifer Ferguson

Community College of Denver
