

Cloud Video Conferencing – Live Collaboration and Online Learning

Flexible Collaboration Tools Create New Learning Opportunities

Ensure Student Engagement

Our combined video conferencing and social learning tools promote an active learning environment

Promote Blended Learning

Deploy a single video solution with integrated lecture capture, live streaming, and video conferencing platform.

Host Virtual Office Hours

Host drop-in and small group office hours right within your LMS or CMS with nothing to download or install.

Small Group Collaboration

Provide your students with convenient tools for group projects, one-on-one tutoring, or after-hours meetings.

The tablet screen shows a video conference with two participants: Alex Cooks and Jane Doe. To the right of the video feeds is a presentation slide titled "Science All Around" with the subtitle "as you read". The slide content includes:

- What You'll Learn**
 - Describe scientific methods.
 - Define science and Earth science.
 - Distinguish among independent variables, dependent variables, constants, and controls.
- Why It's Important**

Scientific methods are used every day when you solve problems.
- Review Vocabulary**

analyze: to examine methodically
- New Vocabulary**
 - hypothesis
 - scientific methods
 - science
 - Earth science
 - variable
 - independent variable
 - constant

Below the text is a pie chart titled "Mysteries and Problems" with a legend:

- Drought
- Earthquake
- Flood
- Tsunami
- Volcanism
- Other

The pie chart shows the following data:

Category	Percentage
Earthquake	40.2
Other	38.1
Drought	18.4
Flood	10.3
Tsunami	2.5
Volcanism	0.5

At the bottom of the tablet screen, there is a chat window with a message from Alex Cooks: "Will chapter 3 be covered on the exam?" and a response: "Yes. The syllabus includes the entire list of chapters that are covered."

Scale online learning and education programs within your organization

- 01 Engage with students over multi-way HD video and audio
- 02 Collaborate over whiteboards, screenshares, and documents
- 03 Works perfectly with all web browsers on Apple and Windows
- 04 Attend meetings, office hours, and lectures on any device
- 05 Cloud recording for later replay and review

Deliver interactive video conference right within your web-browser

- » Real-Time Whiteboards for Live Instruction
- » Breakout Rooms and Small Group Features
- » Online Course and Conference Delivery Models

Use YuJa's Video Conferencing platform to scale online learning and education programs within your organization
