

YuJa Verity Test Proctoring

Ensure Academic Integrity with Secure Test Proctoring

Ensure Academic Integrity in Remote Testing Environments

Remote proctoring offers many advantages that make it a valuable addition to any institution. Instructors can create proctored exams and quickly verify a test taker's identity from one convenient dashboard, making it easier than ever to ensure academic integrity.

Securely deliver exams

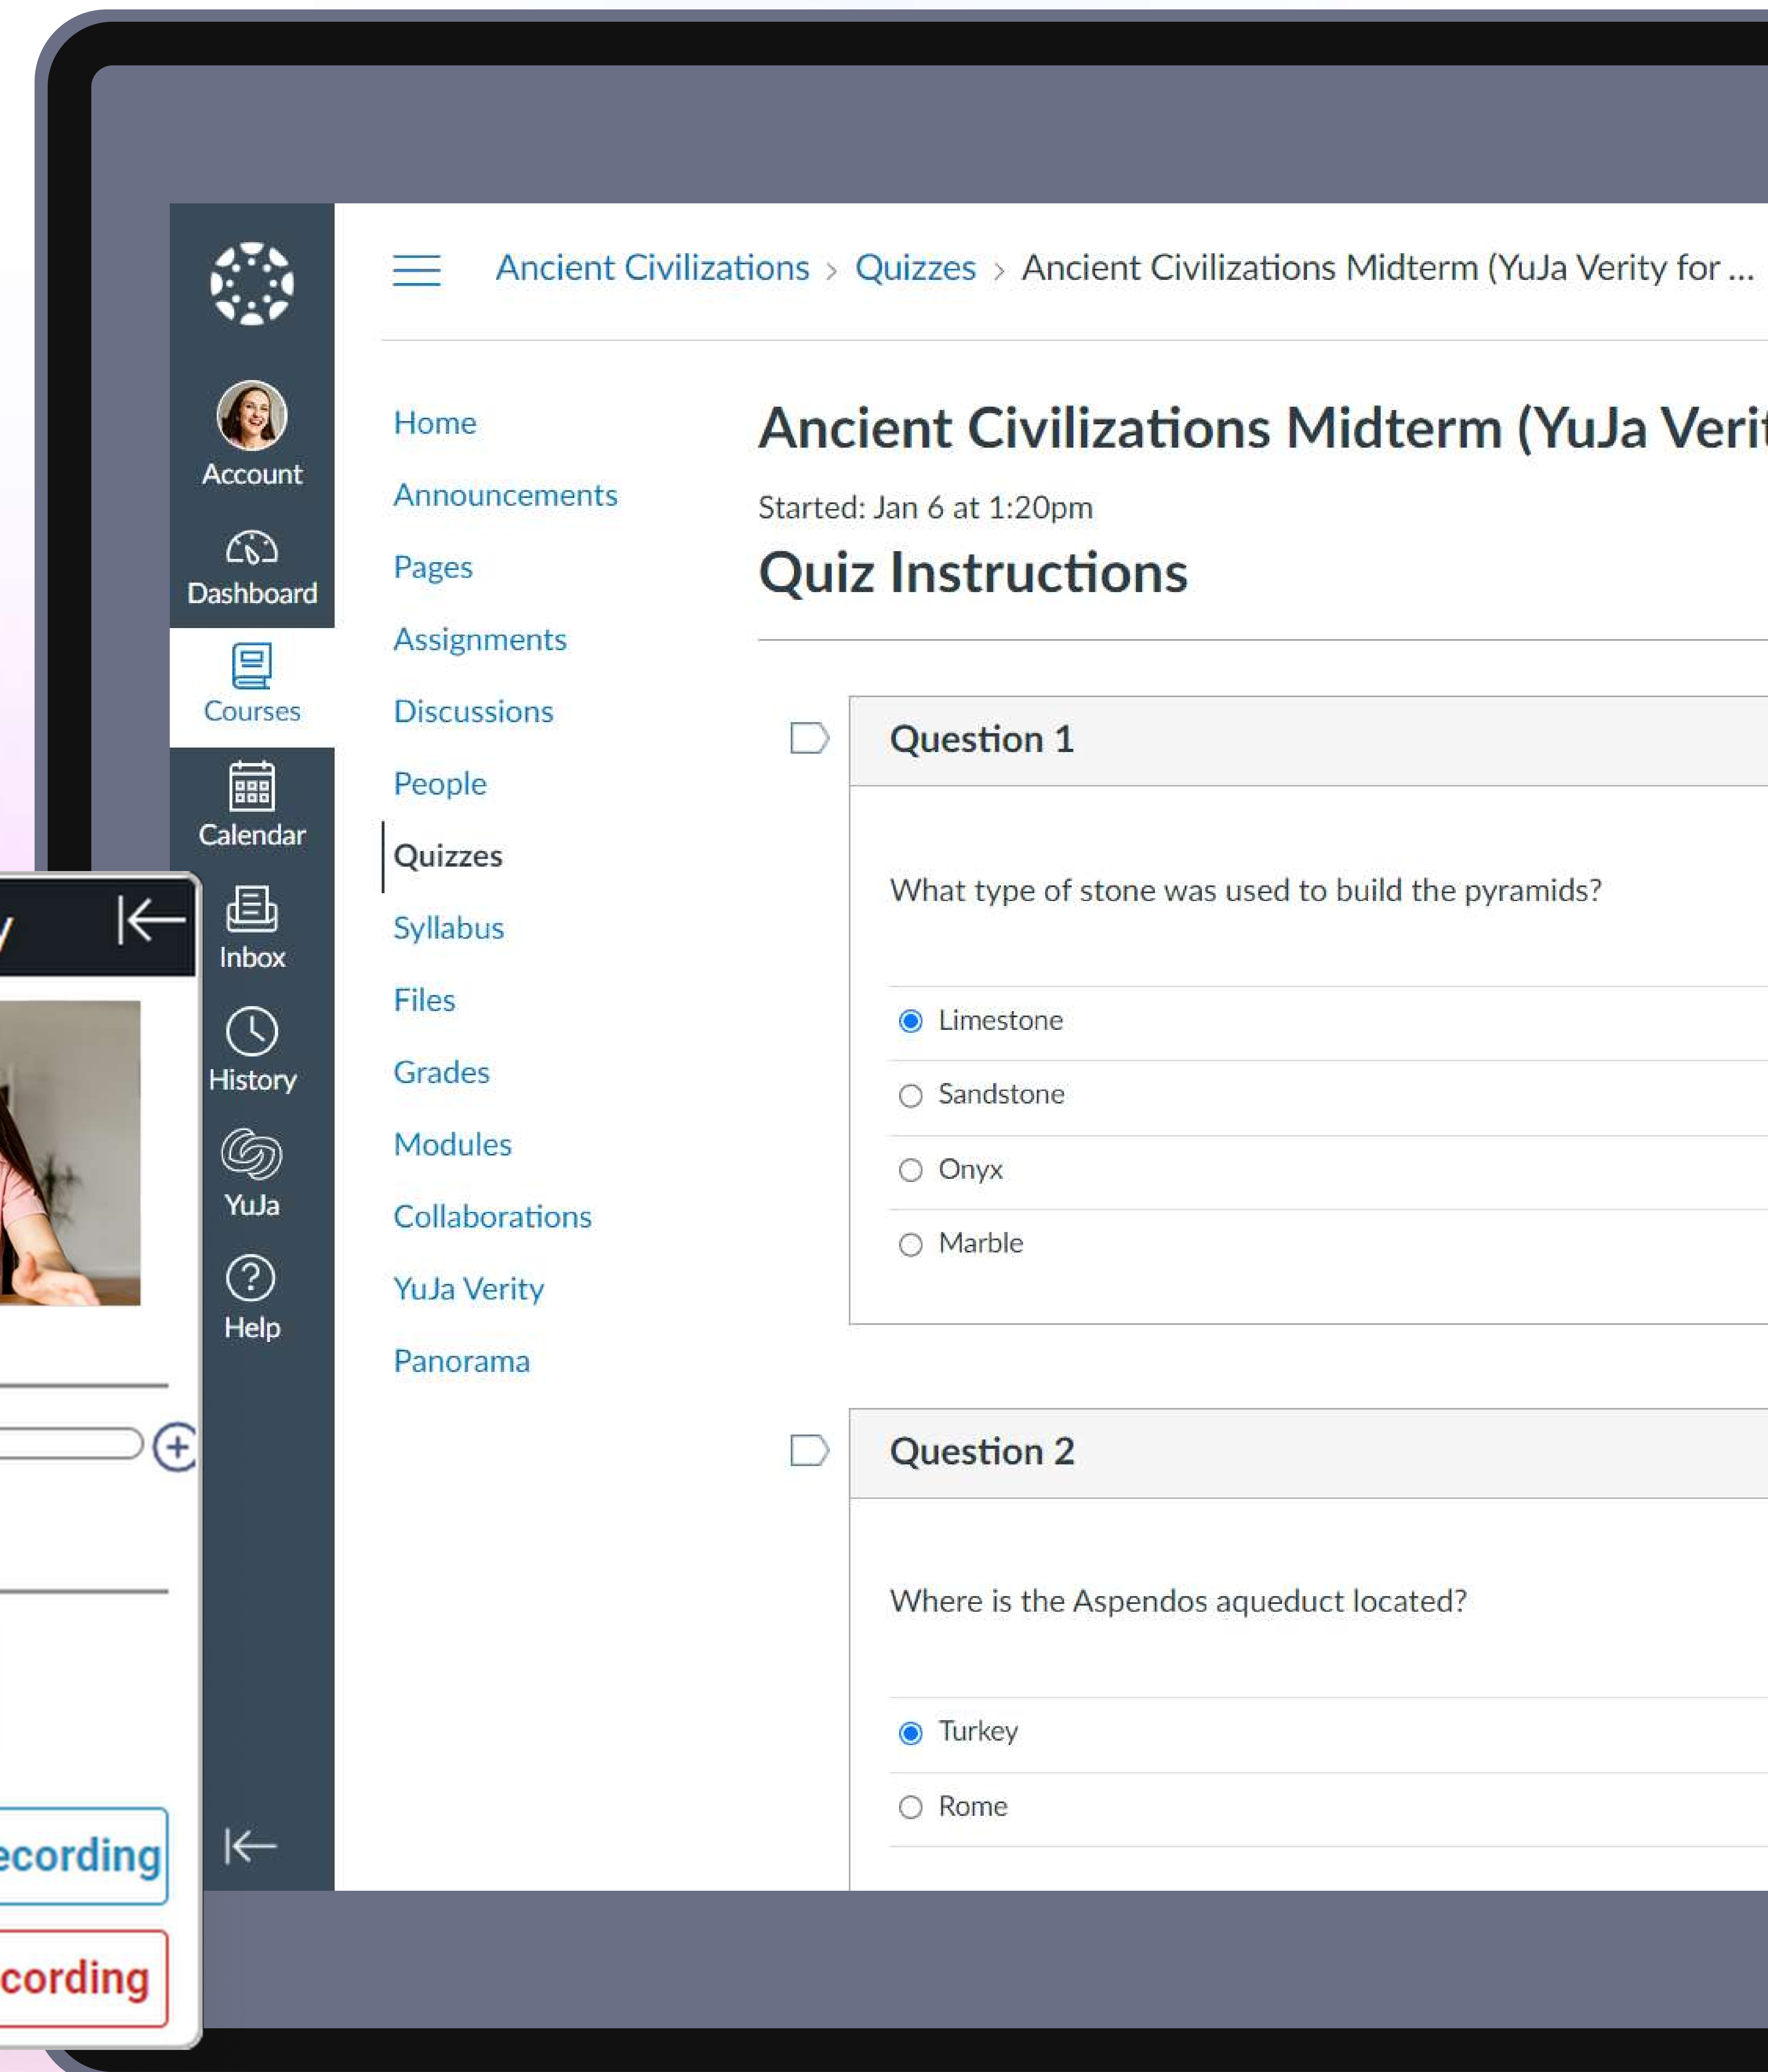

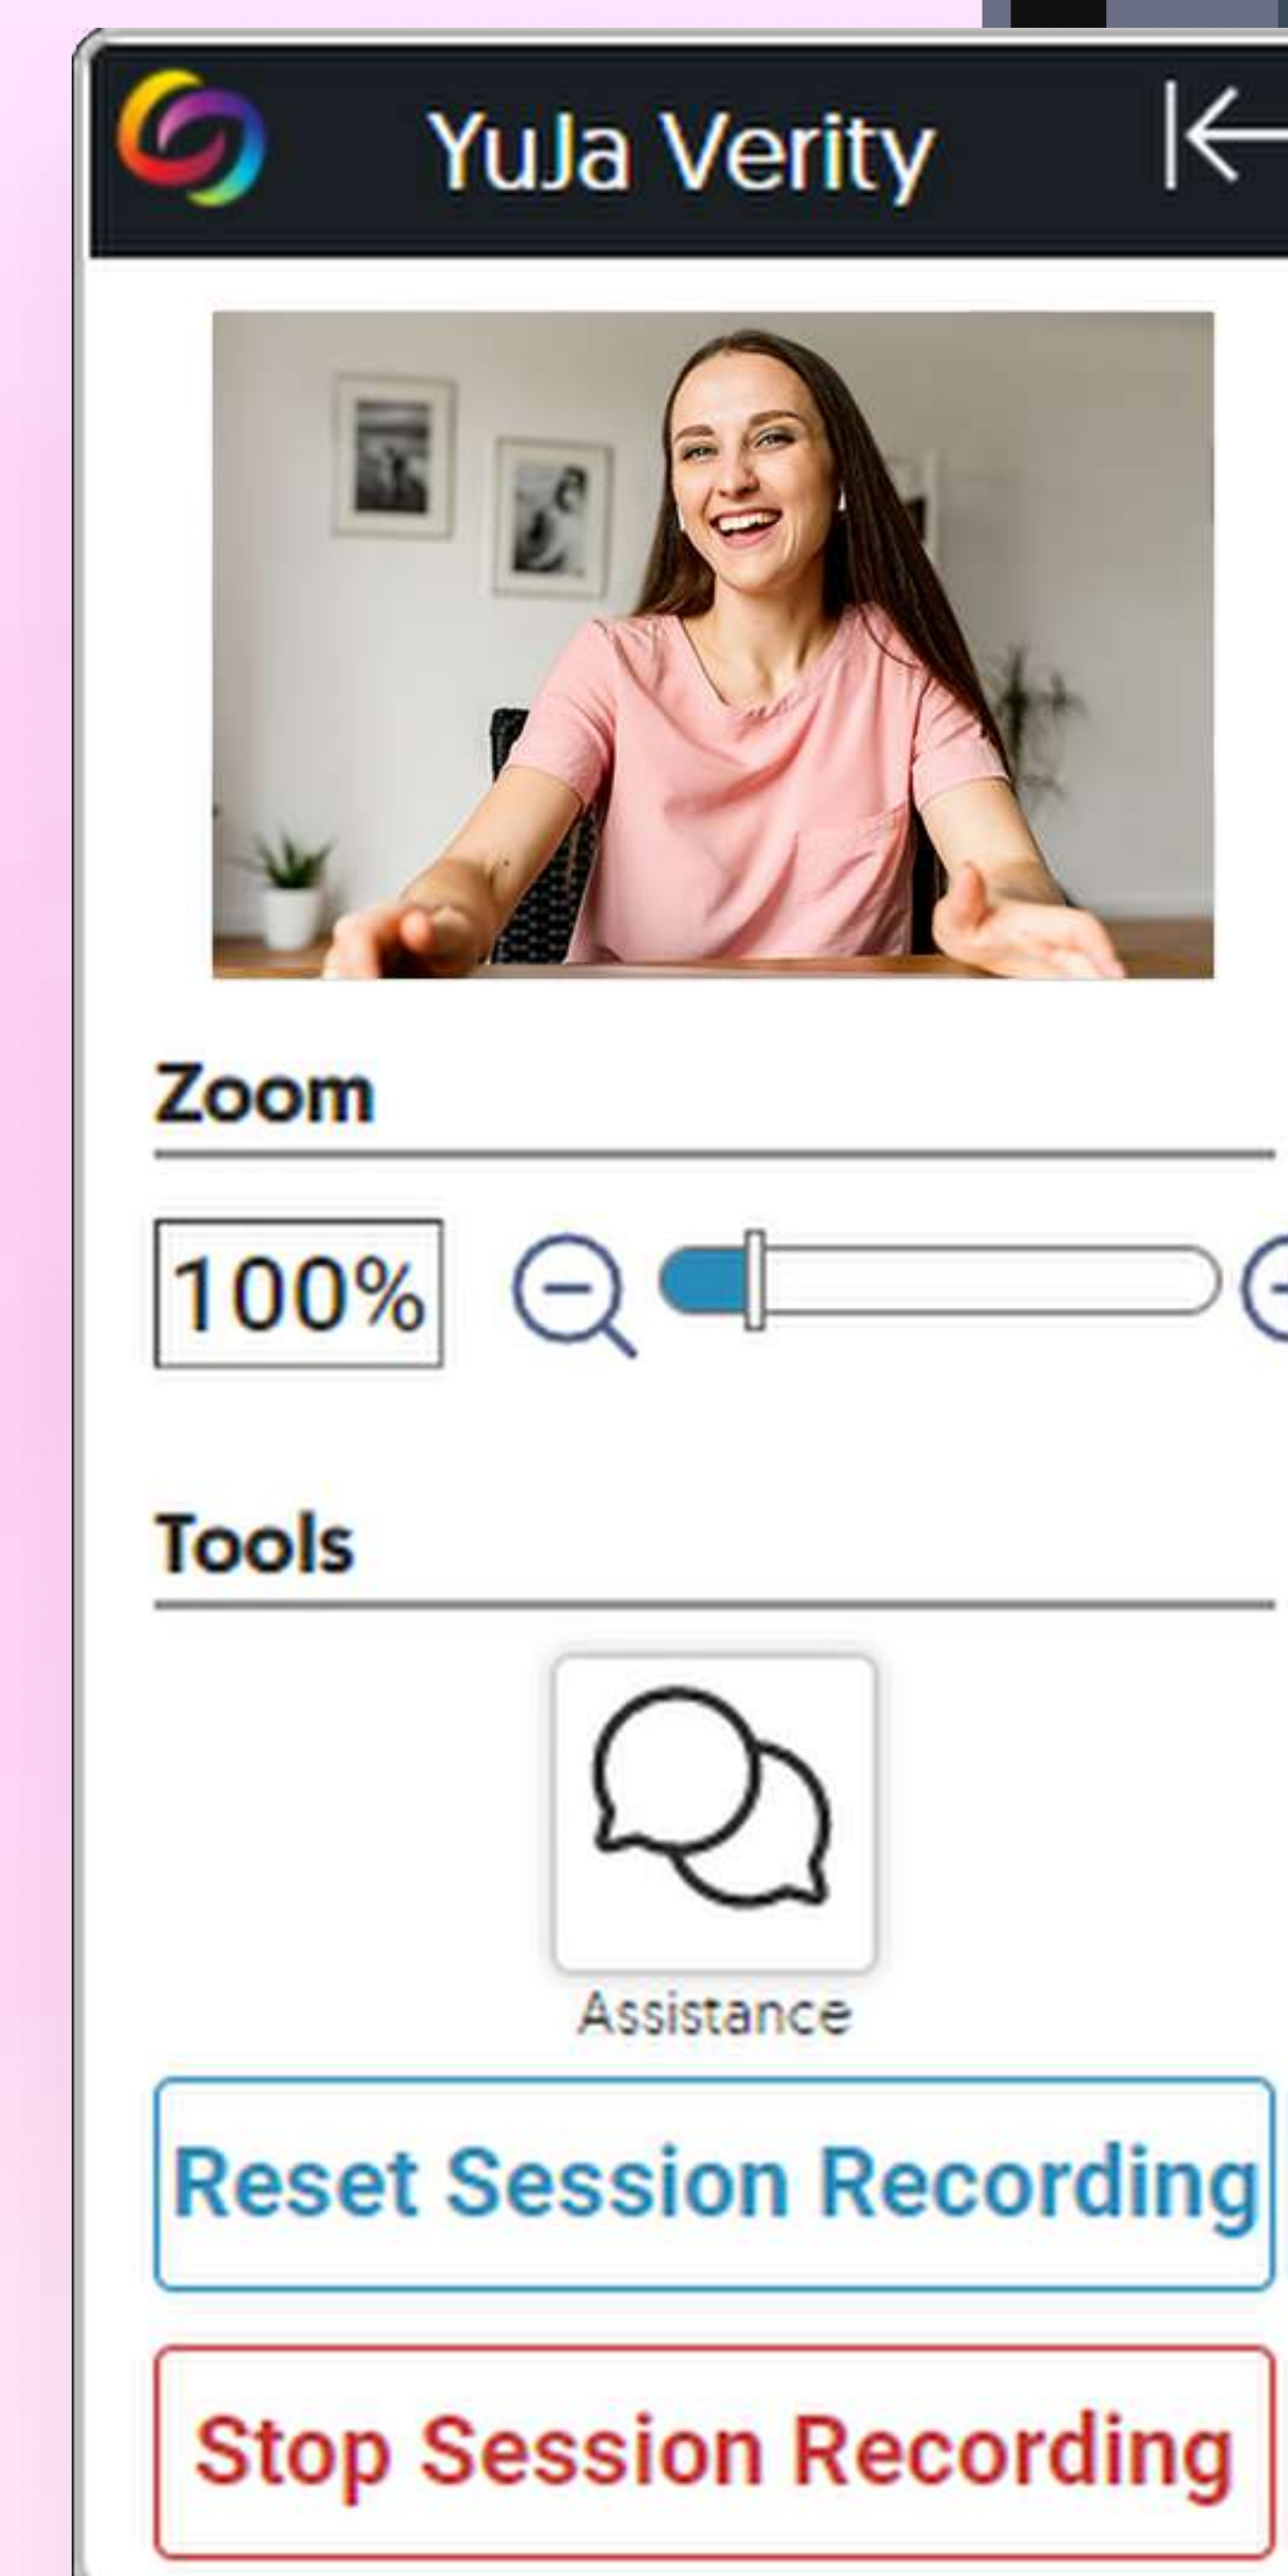

Compatible with third-party learning tools

Seamlessly operates within your LMS

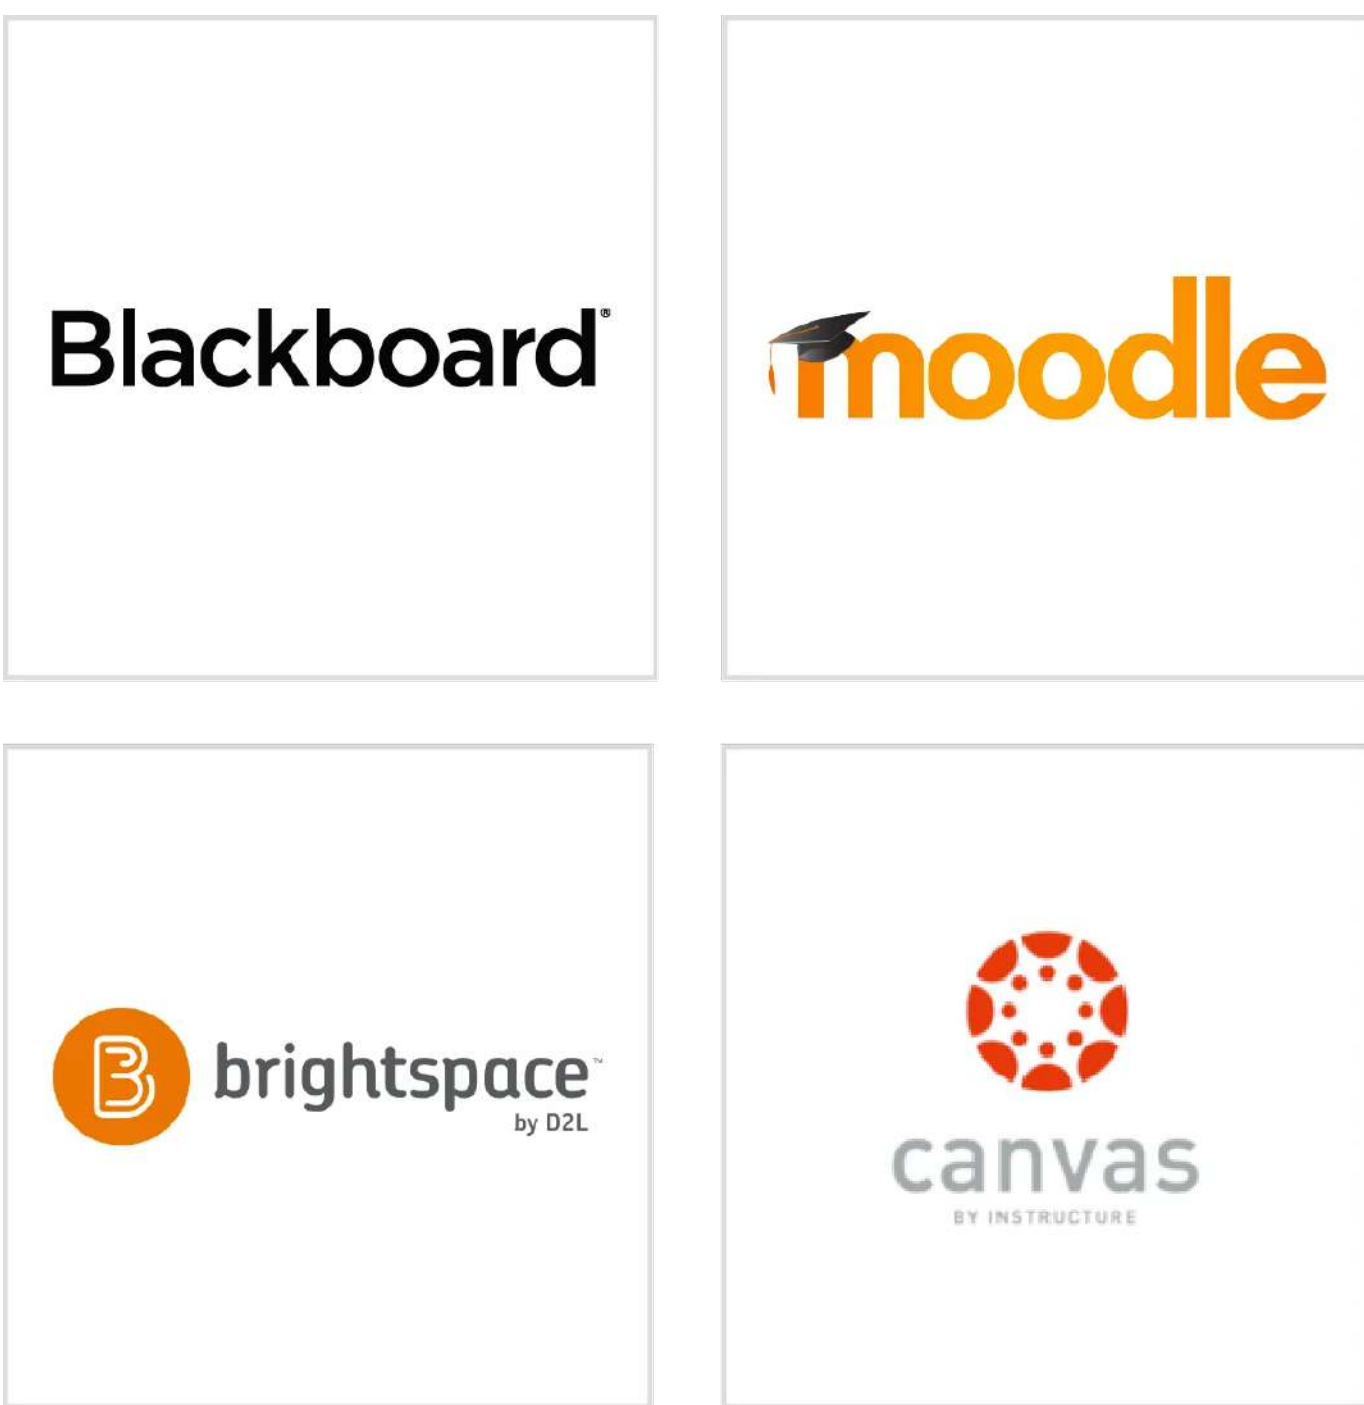

Quickly Verify Identity

Create, Manage, and Access Exams from Your LMS

YuJa Verity integrates directly with an institution’s learning management system (LMS), making it simple for instructors and students to create and take exams from their LMS.

- 1. Instructors simply create a proctored exam like they already do within their LMS.
- 2. With access to 24/7/365 support, students then take the exam at any time.
- 3. As soon as tests are submitted, instructors can review reports and recordings from the exam sessions.

Review Flagged Activity in the Proctor Session Player

All activity during the test session is flagged and color coded by level of concern. Potential issues like a change in monitors, opening an incognito window, using copy and paste commands, and more are all noted in the dashboard so instructors can determine which activity to review and simply click the timestamp to jump to that point in the recording.
